Hub Members Communication Guide

As a member, I can use the WhatsApp group chat to speak to other Hub Members and the Hub Staff team. The WhatsApp group chat is called the 'LDN Hubsters'.

When using the WhatsApp group chat we need to be respectful to each other and not say rude things.

We can call and message The Hub Staff team on their work phones from Monday to Friday between 10 and 4.

The hub staff can help by answering questions and speaking about sessions at the Hub.

The Hub staff team must be professional so they will only speak about things to do with the LDN Community Hub sessions. They might not answer calls and messages that are not about the LDN Hub.

- I understand the Hub Members Communication Guide

Keeping information private and confidential

This statement tells you what we do to keep your information safe.

These are the things we must do to make sure we follow the law.

But we also think it is important to do this to treat you with respect and put our Values Into Practice.

We use passwords to keep information on the computers safe.

We lock paperwork away.

We will not throw information in the bin before it is ripped up.

We won't talk about you to each other or to people who don't need to know your business. This is called "gossiping".

We will need to talk about how you are in staff meetings so we are all doing the right things for you.

We might need to talk to other people IF we think you might be at risk of abuse or the law is broken.

We might need to share information about you to Social workers and Doctors so that they know how you are.

We will let you know if we have to talk to other people about you.

Telephone conversations must be made in private.

You have the right to have copies of your information and to see what we have written as well as tell us what to write.

We will make sure all your documents are stored safely.

We will only use photographs and stories you agree for us to use.

We will only use records / data for people that need to know it and make sure no one knows who you are.

If we don't do the things we have promised you should make a complaint.

We hope that you agree to the statements and for us to follow these rules.

Consent to use Photos of Me

Sometimes the LDN London staff team will take pictures or record video during sessions and events.

Sometimes LDN London may use photographs or video of me for social media and other marketing reasons.

By signing this form I am saying it is OK for LDN London to use photographs or video of me in their social media and marketing.

I can change my mind about this at any time and just need to tell the LDN London staff about this.

- I allow LDN London to use my photo(s) or video for social media and marketing.
- They may edit or change my photo(s) and share them on different platforms. I will not get paid for this.
- I am not responsible for any issues from using my photo(s).

Making sure I am comfortable

We want to make sure you are comfortable when you are at the hub.

We have a quiet side room you can use to relax. We would like to know what other things we can do for you so you can be happy when you are here.

Are there any things we can do to help you feel comfortable?

What kind of food I can or can't have

Sometimes there will be food available at LDN Community Hub sessions.

Please let us know if there are any foods you cannot eat or special diets you follow.

Write here any types of diet you follow:
